

100% Plant-Based. 100% Good For Your Business.

Greenware® cold drink cups, lids and portion containers.

Greenware® premium cold drink cups, lids, portion containers and inserts are made entirely from plants – not petroleum. And research shows that’s something consumers look for in the restaurants they frequent. Sturdy, crystal-clear Greenware® is made from Ingeo™ biopolymer, a PLA resin derived from plants and is 100% compostable.* Show customers you’re doing the right thing with Greenware®.

Greenware® cold drink cups. With smooth rolled rims for drinking comfort. Pair with leak-resistant, snap-fit lids in choice of styles.

Greenware® portion cups. Crystal-clear for total product visibility with leak-resistant lids that make containers stackable.

Greenware® cup insert. Makes convenient grab ‘n go food combinations a snap to create and sell.

Choose the Greenware® stock print option and send a powerful message to your customers. Or custom print Greenware® products with your logo and message.

*BPI certified to be 100% compostable in actively managed municipal or industrial facilities, which may not be available in your area. Not suitable for backyard composting.
